

ABSTRACT OF THE DISCLOSURE

One or more embodiments of the invention provide a method, apparatus, and article of manufacture for distributing design document changes. A representation (e.g., an extensible markup language [XML] representation) of a revision block of a design document is captured. The revision block documents a history of changes to the design document. Once captured, the representation is distributed via a network service to consumers, document management utilities, and/or a database.

"Express Mail" mailing label number EL815 952574US
Date of Receipt January 11 2002
I hereby certify that this paper or fee is being deposited with the United States Postal Service "Express Mail Post Office to Addressee" service under 37 CFR 1.10 on the date indicated above and is addressed to:
Commissioner for Patents, Washington, D.C. 20231.
